1984 Cessna 182R Skylane II
AIRCRAFT SPECIFICATIONS
N-Number: N6598E S/N: 18268376

Owned since new by a State agency with full-time maintenance, this Skylane benefited from 100-hr inspections. Now, we have refurbished it with a complete, new interior including soundproofing, and installed a Garmin avionics suite that includes dual G5 flight instruments (PFD and HSI), GFC500 digital autopilot with altitude pre-select, GPSS, Flight Director, electric trim and more, GTX345 Mode S transponder with ADS-B in and out displaying traffic and weather on a GNS530W WAAS GPS with Terrain. WOW! And it flies as good as this all sounds.

Airframe: 10,420 Hours
Engine: 1,720 Hours SFRM
PROP: 210 HOURS SPOH PROP 2: 0 HOURS Since New Seals

Avionics
