1982 Cessna 182R Skylane II
AIRCRAFT SPECIFICATIONS
N-Number: N58JK S/N: 18268286

This is a super clean "R" model Skylane - not many like this around. This aircraft was flown and maintained by the Iowa State Highway Patrol - it has higher airframe time but was also meticulously maintained and has extensive and detailed records. We are really impressed with the overall superb condition of this 182R. This is a must see - and with only 70 hrs SMOH and SPOH, it will be someone's best friend for a long time to come.

Airframe: 9,098 Hours
Engine: 117 Hours SMOH
PROP: 117 HOURS SMOH
