**1967 Piper PA-28-140 with Penn Yan 160 Hp STC**  
**AIRCRAFT SPECIFICATIONS**  
**N-Number: N4458J S/N: 28-22866**

What super flying little Cherokee with a fresh Penn Yan RAM 160 hp STC upgraded Lyc O-320-E2A. Just 165 hours SMOH!. We flew this airplane from New Hampshire to North Carolina and it proved to be a strong climber, faster than average and a well-trimmed machine. Really nice! VFR panel with enough there to be IFR in a pinch. Take a look and call fast - this is a good one!

**Airframe: 4,160 Hours**  
**Engine: 165 Hours SMOH**  
**PROP: 374 HOURS SPOH**

**Avionics**
